Welcome To COSCO Container Lines Americas

COSCO's expertise in the transportation services help companies improve profits through increased transportation efficiency, on-time scheduling and competitive rates.

Our experts have served thousands of companies for over 20 years.

As a premier carrier of refrigerated commodities for both import & export, COSCO has been very successful in providing the most specialized handling and reporting to meet the most stringent demands of the top importers and exporters in the world.

Whether you are moving chilled, frozen or hard freeze, COSCO will service you with our international reefer committee which includes both commercial and operational decision makers on a specialized team. The COSCO Reefer Committee is dedicated to creating 21st century solutions for your high volume, low volume, time sensitive or hard to service locations anywhere in the world.

"COSCO HAS IT DOWN COLD"
